The Venkateswara Open University

Venkateshwara Open University is an international seat of higher learning and non-profit foundation. The dreamer, our founder Chancellor, Sh. Sudhir Giri is a man of passion and commitment, he vowed to achieve something special in the field of higher education for the benefit of youth from poor financial background and unreached remote areas. Sh. Giri is a young dynamic entrepreneur who has been bestowed with prestigious awards namely “R.N. Tagore Award” in the year 2003 and “UP Ratna Award” in the year 2010, by Govt. of Uttar Pradesh, in recognition of his distinguished passionate service to the society. His guiding force is to bring people together by removing the evil of hatred, spreading love and happiness, building esteem of high morals, National Character and to extend quality education services to the mankind so as to make the dream of “VASUDEVA KUTUMBHKAM” (International Brotherhood) comes true. Venkateshwara Open University as whole provides a mentored educational experience to the learners at doctoral, post-graduate and graduate levels to imbibe social changes in the communities around India and world.

Venkateshwara Open University is strongly wedded to orienting education to capable aspiring students for meeting the rapidly changing needs and challenges of the universe at large and of India in particular. The University education is an organized attempt to help people to become intelligent, self reliant and able to face real life situation and must have an economic and ethical relevance to the society. We at Venkateshwara Open University have evolved and adopted the teaching programs, and methodology requiring the students to undergo the rigor of the professional world in forms as well as in substance providing them an opportunity to apply their class-room knowledge to live situations, thus to build the long needed bridge between the professional world and the educational world.

Venkateshwara Open University is established through Arunachal Pradesh State legislative Act, LAW/LEGN-10/2012, Arunachal Pradesh (Act No.10 of 2012), VOU has vital and rich experience in the field of Education including Open and Distance Education.

VISION MISSION &

Innovation, creativity and an enterprising mindset will be the defining characteristics of our University. We will provide flexible and transformational learning and commit to adding value to our partners and delivering positive and productive engagements with business, industry and the professions. The vision of Open University empower students from diverse countries, cultures, socio-economic and educational backgrounds to be successful lifelong learners, grow their skills and capabilities for the changing world of work, and to be confident, creative, ethical and respectful citizens.

VISION

MISSION

The State Open University is committed to be World-class centre of excellence in Open and flexible Learning. The Open University aims to be a great university of the 21st Century. We aim to provide our students with an outstanding and unique experience and to help make the world a better place through our research and knowledge exchange with industry and the community. The Open University provides the highest quality learning and teaching environment for the greater well being of our students and delivers an outstanding educational portfolio.

Objectives of Venkateshwara Open University

The Venkateshwara Open University promotes the public welfare by exercising educational influence, development of humanity and civilization with its objectives:

- To promote and advance affordable quality education through Open and Distance learning system, making it seamlessly accessible to all and specially to those who are at economically disadvantaged and different habited stages in the society.
- To provide an intelligent and flexible system of education which could be congenial for development of a knowledge society.
- To extend carrier oriented, need based, value added, productive education, training and research, which could harness adequate skills for the development of the learners.
- To inculcate passion amongst stake holders of the university and the student community to apply acquired productive knowledge for development and uplift of society and mankind as a whole.

Distinguished Features of Venkateshwara Open University

Venkateshwara Open University (VOU) has envisaged its distinguished features such as:

- Open and Flexible system accessible to all
- Self learning materials SLM
- Independent Learning Environment to the students
- Country-wide student support services
- Equal opportunity of education regardless of socio-economic Status
- Professional, vocational, productive academic programmes for the flexible social and local relevance.
- Cost-effective learning programmes
- Networked world-wide Open and Distance System
- Use of latest tools and techniques of Information, Communication Technologies e-learning
- Dynamic web-portal
- Students learning Management System
- On-line facilities on-line admission and online on- demand admission

National and International Resources Center of Open and Distance learning to provide seamless, affordable and meaningful quality education.

About the Venkateshwara Group of Institutions

Venkateshwara Group of Institutions, which are committed to be maintaining the very best research, an outstanding teaching and learning experience and unrivalled links with business and the public sector. Venkateshwara Group of Institutions plays an important role in the intellectual life of the country and has a huge impact on the social, economic and cultural well-being of their regions. Our aim is to ensure that our Institutions and universities have the optimum conditions in which to flourish and continue to make this impact through their world-leading research and teaching. Venkateshwara Group of Institutions are one of the major leading institutions, offering name rouse streams and branches of study viz. -Management, Pharmaceutical, Education, Engineering, Management, Computer Application, Humanities and Library Information Sciences and many more. The institution was established with an earnest desire & determined aim of providing the best possible functional range of education. The group endeavors towards grooming & honing the skills of an individual, thereby rendering him an astute professional, who would successfully shoulder responsibilities not only in personal, but also in his professional life.

- The growth of VGI, starts from 1998 and at present we have twelve Educational Institutions well established imparting B. Tech., MBA, PGDM, B. Pharma, D. Pharma, Polytechnic, B. Ed., M. Ed., B.P.Ed., B.Lib. M.Lib. and Ph.D. in the different fields of education approved by AICTE, NCTE, and PCI etc.
- The VGI, in a very short span of time established oneself financed State University named 'Shri Venkateshwara University' in Gajraula, UP. (2010)
- The groups at present have more than 15000 students and 700 teaching faculty with a team of dedicated and trained supporting staff.
- The VGI mission is to achieve status as centre for excellence in Research and Development in the field of higher education.

The group is keen to achieve new horizons and heights in the field of higher education across the Globe.

Indians are brilliant people but most of them never get an opportunity to get proper and quality education to discover their talents and develop that for the society and human kind at large. I have always had the dream to develop a high standard, value oriented quality education centre where everyone gets equal opportunity to get educated in a real sense. I had a desire that there should be a system of education where students will neither be deprived nor categorized on the basis of economic status, family education or urban rural background. If someone has developed complex or negative mindset due to adverse environment and childhood upbringing, he/she should be helped to develop them self to be an equal partner in education program and later in life.

I am happy that we have been able to create such facility and build an Open school for learning of global standard in the name of VOU “Venkateshwara Open Univeristy”. We have the latest and most relevant curriculum, highly educated faculty members with human values, dedicated and committed staff members.

To add to all the above, we have created high standard infrastructure facilities, libraries, laboratories, hostels, recreation facilities in the most harmonious environment. You may call it a "Gurukul".
Knowledge is the power

Sh. Sudhir Giri

Prof. Ramesh Chandra

Ph.D, D.Sc, FRCS (London)

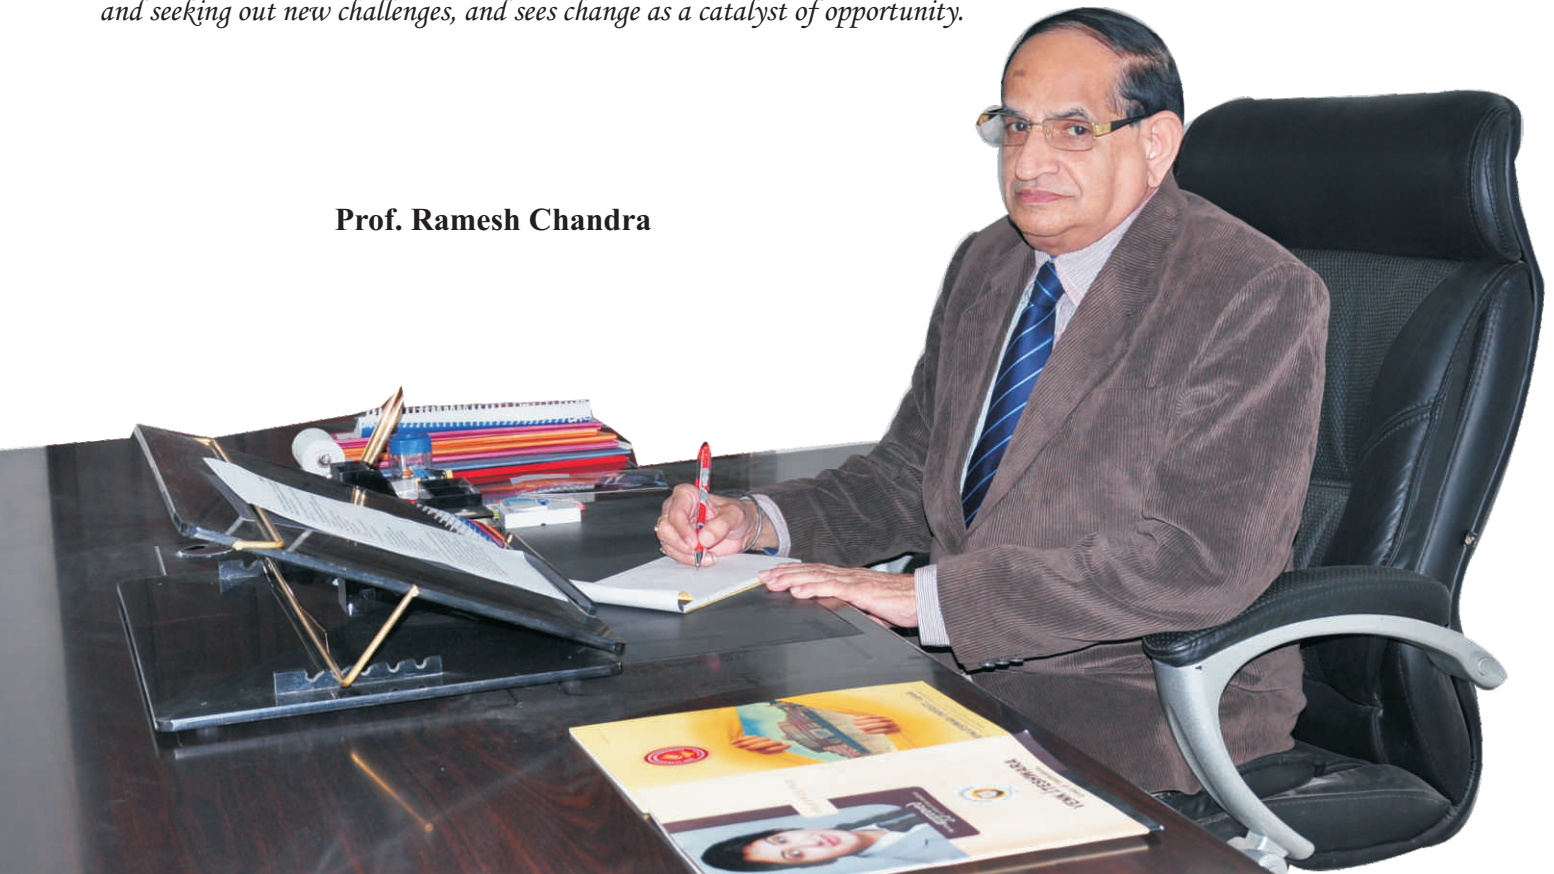

Former : Vice Chancellor, Mewar University, Chittorgarh
 Vice Chancellor, Ch. Charan Singh University, Meerut
 Chairman, Delhi Services Selection Board, Govt. of Delhi
 Dean, Faculty of Technology, University of Delhi
 Colonel Commandant, Ministry of Defence, Govt. of India

The Venkateshwara Open University, India's one of the first State Open University is committed to be Worldclass centre of excellence in Open and flexible Learning. The Open University aims to be a great university of the 21st Century. We aim to provide our students with an outstanding and unique experience and to help make the world a better place through our research and knowledge exchange with industry and the community. The mission of Open University empowers students from diverse countries, cultures, socioeconomic and educational backgrounds to be successful lifelong learners grow their skills and capabilities for the changing world of work, and to be confident, creative, ethical and respectful citizens. The most striking development, however, has been the launching of a new vision for further and Higher Education; "VOU Perspective Plan". Despite several constraints and limitations, the University is strictly adhering to the excellent academic standards.

The vision of Open University plays significance role when we come to summarize the achievements made in the field of Open and Distance Education so far, to predicate the upcoming trends of Open and Distance Educational development and to define our new missions in building life-long learning systems in society. We can strengthen friendship and partnership among educators and counterparts from different countries, facilitates scientific development of Open and Distance Education throughout the world and give impetus to economic development, social progress and human civilization.

As young, dynamic and vibrant, our mission has created a transformational environment, is continuously looking to the future and seeking out new challenges, and sees change as a catalyst of opportunity.

Prof. Ramesh Chandra

Former : Secretary : UGC, MHRD, Government of India
Director : CEC, Government of India
Advisor : AICTE, MHRD, Government of India
Registrar : IGNOU, MHRD, Government of India
Advisor : Ministry of Education, Republic of Mozambique, Africa

Venkateshwara Open University has emerged as a leading school of learning for highest academic standards and discipline. Our rigorous selection criteria is based purely on merit and transparent processes in Open and Distance Education field. The University has a highly qualified faculty and operates under an excellent academic environment, with uninterrupted schedules, strictly followed by the students and faculty.

Our systems of Self-learning materials are highly participative in all respects. The examination system is based on credit and continuous evaluation of students that enables students to work throughout the study period specified in the programmes. The Open University provide a broad and rational platform for the educators and the friends from all over the world who are engaged and interested in Open and Distance Education and particularly for those coming from for socially disadvantaged groups.

At Venkateshwara Open University, We assure you of the quality education at affordable cost and at your ease.

“Celebrate the inspiring work of our academic community and extend the opportunities that Open Higher Education brings to students from all backgrounds.”

(Dr. T. R. Kem)

Prof. Lalit Kumar Sagar

B. A, (H) M.A, B.Ed., M.Ed, PGDHE, PGDDE
MADE, PADHEM, MBA, Ph.D & D. Litt

Our mission, Higher Education for all, without wall, reach to unreached and flexible which emphasizes engagement with industry and the community, has two parts. The first is to empower students from diverse countries, cultures, socioeconomic and educational backgrounds to be successful lifelong learners, grow their skills and capabilities for the changing world of work and to be confident, creative, ethical and respectful citizens.

The second is to find creative and evidence-based solutions to important contemporary challenges in India, Asia and globally, relating especially to:

- Education and lifelong learning;
- Health and active living;
- The cultural diversity and well-being of communities;
- Economic development and environmental sustainability; and
- The success of particular industries and places, especially our heartland of the North-east of India fastest growing region.

The VOU uses a variety of methods for Open and Distance learning, including written and audio materials, the Internet, disc-based software and television programmes on DVD. Course-based television broadcasts, radio, Web-Conferencing. Video-Conferencing E-Learning Print and Non-Print Materials are composed of originally authored work by in-house and external academic contributors for vital support of VOU students.

The Open University connecting through place, people and partnerships to deliver a vibrant knowledge community.

Prof. Lalit Kumar Sagar

THE SCHOOLS OF VENKATESHWARA OPEN UNIVERSITY

THERE ARE FOURTEEN (14) SCHOOLS OF THE UNIVERSITY

1. **School of Management (SOM)**
2. **School of Education (SOE)**
3. **School of Sciences (SOS)**
4. **School of Computer & Information Technology (SOCIT)**
5. **School of Humanities & Social Sciences (SOHSS)**

School of Fine Arts

The School of Fine Arts is the vibrant in the field of arts. It's an incubator for creativity and discovery, offering quality educational opportunities for students and engaging arts experiences for the community. SOFA encourages dialogue between traditional and emerging genres. We strongly advocate that Fine Arts practice constitutes a form of knowledge production and support the notion that practice is a form of material capable of extending, challenging and interrogating more conventional forms of knowledge production. Our School at the top of their fields as artists, educators and scholars at national and international.

School of Fashion Design

The School of Fashion Design's work is centered on the development of ideas: its staff and students use fashion alongside historical and cultural practice to challenge social, political and ethical agendas. This, combined with its forward-thinking business and management portfolio and its relationship with the global fashion and lifestyle industries, is the underpinning of its mission to "Fashion the Future". Students acquire a thorough understanding of the Fashion Design process. SOFD, our breadth and depth of expertise to explore and expand the role of Fashion Design now and in the future, we work at the forefront of design practice, design learning and design research. Our School gives creative fashion design practitioners chance to explore personal interests at postgraduate level, underpinned by extensive research, and combined with benefits of debate and peer review. The individual will subsequently be able to view their role as fashion designer within the industry of the future.

University Library

The Library is the heart of any educational institution, keeping of view of Open and Distance Education VOU, has huge number of books and fully computerizes multi-media libraries for its schools. The University has about 10,000 latest books, large collection of video/audio CDs, Magazines, Journals, industry and company information sources for open distance and falsifiable education made available to the learner, Faculty and Staff. There are separate reference sections for each school recommended books for each course has also been provided. The very purpose of the Library is to support and supplement teaching, learning and research in the university by developing and promoting access to relevant and useful information resources.

Distinguished Features of the Library

- A huge and rich collection of Open and Distance Education Text Books & references.
- Large collection of National & International Journals.
- National and International online Journals in Open and Distances Education.
- Easy operation through automated library procedures and Bar Code system.
- Audio-Visual Library Section.
- Specious & Airy Reading Halls.
- Small Team discussion Corner.
- Separate reading room for Researcher & Teachers.
- Computerized and Digital Library Management System to provide access to download the desired materials.
- Career Guidance Section.
- Magazines and Periodicals Section.

Thus Library the epicenter can be redefined as a place to get unrestricted access to information in many forms and from many sources. It extends beyond the physical walls of a building by including material accessible by electronic means and by providing the assistance of librarians in navigating and analyzing tremendous amount of knowledge with a variety of digital tools and manually for Open and Distance Education.

Student Counseling & Grievance Redressal Center

Students are always in need of constant guidance and supervision so that they are able to channelize their efforts in the right directions. Constant support is available to student's right from the time of their admission. We understand that there are a lot of apprehensions in the minds of the students about the future and the careers that they want to choose. Hence, we have set up Grievance redressal centers on the campus which provide full time support to the students when they enter into campus. We help them in selecting the right School according to their interest.

Cafeteria & Amenities

A cafeteria is a place where students come to relax between the lectures and hangout. We believe that a student must enjoy a social life as he enjoys his academic life. We offer an exhausting menu to cater to your taste buds. The menu comprises of dishes across the states. The mouth watering dishes served at our cafeteria are prepared keeping very high standards of hygiene and cleanliness. The sumptuous meals are served at our cafeteria. The basic amenities in the college campus are available at comfortable distance. Regular supply of drinking water in the campus is ensured.

Value Added Programmes

Apart from the main degree and qualifications that a student pursues, a need is felt at times for some special skills. A void is filled in our institutes by providing a large number of value added specialized courses. There might be some students who have a special interest in a particular field/ subject. Our arrangements help them to gain specialization in their areas of interest. Such a specialization helps them in performing better with their qualifications. We understand that an industry demands special offers for each role in their organization. So having a special knowledge gives you an edge so you may also perform a better role in an industry.

Scholarships

There is special provision of scholarships students from social and economical disadvantage and physical challenged students.

Government, Industry-University Interface & Foreign Collaboration

The University Promotes active Collaboration with the Government, Trade and Industry. Student are required to undertake industry oriented project of their choice during their internship. This Provides them real life exposure and understanding of practical problems in the working environment of companies, besides helping them to stay focused on jobs, which they would like to opt for in future. Students gain hands-on experience in the application of concept and skills. At the same time this works out to be beneficial to industries in choosing suitable candidates as prospective employees.

The University actively pursues collaborative ventures with leading foreign universities to assimilate new developments in academics and create better avenues for students. The University makes sustained efforts to arrange student exchange programs with domestic and foreign Universities so as to empower the students with the best possible exposure to education process in leading institutions.

The University is laying tremendous emphasis to provide industry based job-oriented and value-added education to its students therefore, we have collaborated with various reputed industrial organization to fulfill this objective and offer certificate, diploma, undergraduate, post graduate and research programmes.

Students Support Services

The university committed for student centric approach. The University has a Vital Students Support services to national level, state level and district level. The university has large number of regional centers study centers and examination centres country-wide. There is also on-line information about the programmes of University. The University is providing clear, accurate, and timely information, advice and guidance on the support available to Open University students and potential students living in India We provide a range of professional support services for students and co-ordinate information about the student support network.

There is also provision of on-line admission and walk in admission in the University. Regional and Study Centers are in strategic locations in the country. These Centers are the venues where students can conduct and seek advice on the following transactions, activities and procedures:

- Application for admission
- Registration student orientation
- Distribution of School materials

- Dropping of subjects / leave of absence
- Examination accessing library materials
- Face-to-face tutorials (if available)
- Tutorials on basic computer and internet literacy

Programme Delivery Methods

The VOU uses a variety of methods for Open and Distance Learning, including Self-instructional material SLM and audio-video materials, Counselling Session Personal Contact Programmes, Practical Project and Dissertation work, through advanced technologies access School materials on their own schedule and so is more flexible. Students are not required to be together at the same time. Mail correspondence, which is the oldest form of distance education, is an asynchronous delivery technology and others include message board forums, e-mail, video and audio recordings, print materials, voice mail and fax.

The VOU is planning mainstream satellite television aimed at bringing learning to wider students of Distance Learners.

Evaluation System

The University adopted Open and Distance Education Evaluation system which is unique and different from the traditional universities. The Open University adopted three-tier evaluation system. There are 70% Weightage for theory papers and 30% Weightage for assignments

- Self-assessment of the study
- Assignments, personal-contact programme, seminar, workshops and conference.
- The term-end examination and
- Project works
